

LINGESHKUMAR R

SOFTWARE DEVELOPER

Chennai , Tamil Nadu | lingeshkumark55@gmail.com | +916369402872

Seeking Software development enthusiast with a strong academic background in ECE. Proficient in programming languages such as Java & Python. Eager to leverage problem-solving skills and passion for innovative technologies to drive business growth as a Software Engineer, Python Developer, Java Developer, SQL Developer, or Full Stack Developer

EDUCATION

Karpagam College of Engineering B.E/Electronics and Communication Engineering CGPA-8.04	Aug 2020 - May 2024
Swamy Vivekanandar Matriculation Higher Secondary School HSC-66,50%	May 2019 - May 2020
Swamy Vivekanandar Matriculation Higher Secondary School SSLC-77.20%	May 2018 - May 2019

TECHNICAL SKILLS

Java	Django	Linux	Git
Python	MySQL	HTML & CSS	REST API

PROFESSIONAL EXPERIENCE

Python Intern SelfCode Academy	Jan 2024 - May 2024
<ul style="list-style-type: none">Developed Python scripts, automated tasks, and collaborated on projects. Assisted in debugging and testing Python code, enhancing team efficiency.Contributed ideas for workflow improvement and researched about libraries. Received praise for problem-solving skills and rapid learning ability.	

CERTIFICATIONS

- Full Stack Development Course with AI Tools (Jan 2025) - Guvi
- Complete Django Course: Full Stack Website with Features - Udemy (Oct 2024)
- Python Data Structures - Coursera (Sep 2023)
- SQL Basics - Skill Rack (Aug 2023)
- Java Programming : Beginner to Advanced - Udemy (Nov 2023)

PROJECTS

- Face Recognition + Attendance using OpenCV Python
Developed a Python-based system that captures faces through the webcam, recognizes individual & records attendance automatically. It generates daily CSV files with attendance records, eliminating the need for manual tracking.
- Developer Connection Platform using Django
The platform allows developers to create profiles, showcase their skills, connect with others, collaborate on projects, and share knowledge. Utilized Django's ORM to efficiently manage and query the database for user profiles and projects

ACHIEVEMENT

Demonstrated dedication and advanced problem-solving skills by tackling over 1,000 problems on Skill Rack and 200 challenges on LeetCode
